

Vote for Adam Wilkinson to be your MCR Treasurer

I'm a second year PhD student in Haematology. I have over five years of college life experience and was an active member of my undergraduate college JCR, where I gained experience of committee work and budget management from organising the JCR Freshers' week. Becoming MCR Treasurer will allow me to become more involved in the MCR and college and contribute to this community.

I have the qualities necessary for the position - I am organised, reliable, responsible and competent.

As MCR Treasurer I will:

- Keep accurate, up to date and transparent accounts to ensure smooth running of the MCR
- Approve your equipment and event requests quickly and sensibly to maximise use of the budget for the whole MCR community
- Defend financial interests of the MCR community in college and maintain a healthy relationship with college and the JCR
- Promote financial matters to the MCR and incoming freshers
- Work with the rest of the MCR committee to make the most of 2013

I will also work to use surplus money in the MCR budget to provide additional travel grants for MCR members.
