

KARTHIK NILAKANT

for MCR Secretary

As the MCR's male welfare officer, I've been involved in all aspects of college life: organising freshers' week activities, running the freshers' mailing list, setting up the parenting scheme, delivering welfare advice and supplies, sitting on the house committee and working with the tutorial office to ensure each of you is being looked after.

The MCR secretary's role also has many facets, such as ensuring the smooth running of the MCR's business; communicating news, issues and events effectively; representing the MCR on college council; as well as providing advice and guidance to incoming committee members. I've served on the MCR committee with pride this past year, and would love the opportunity to continue to help run one of Cambridge's best student organisations.
