

Hello MCR,

You may know me as the guy sending you multiple emails about guest nights, pub crawls and other social events round the MCR since your arrival. Having completed a year as MCR Social Secretary I would to stay involved in the MCR, this time in the role of General Secretary.

Now, in my days before Churchill I would regularly struggle with the organisational aspects of day to day life, and my forward planning skills were roughly limited to making my own sandwiches in the mornings. As a result, my first few months in Cambridge came as somewhat a shock to the system. However, since those shaky first few days, I have found a great fondness for my Filofax (respect to the 80s kids) and as a result seem to have been involved in almost every society and committee bar the Tiddlywinks Club and the Cambridge Interpretive Dance Society (- although I'm seriously considering enlisting their help for the 'Dance your PhD thesis' Competition).

We are very lucky to have such a thriving MCR community in Churchill, and I would like to stay involved in maintaining it as such.

Why you should vote for me:

- From organising various Guest Nights, MCR Events and Boat Club Dinners I pretty much know who's who behind the scenes in College. This is particularly important as the General Secretary is responsible for attending various College meetings on behalf of the MCR. I also saw many of them drunk dancing whilst working at the Churchill staff Christmas party, so that should make the various College council meetings far less intimidating.
- I have a decent relationship with the JCR, so will use this to keep the MCR voice heard more around college. I will also try and keep Giorgio's disdain for anyone born after 1990 to manageable levels.
- I know my way around a spreadsheet like you wouldn't believe (always a hit with the ladies). I also have a new found love for the GoogleDocs.
- I will make my minutes extra pretty, with colours and fonts and suchlike (and I promise to abstain from the use ComicSans for those typographically minded).

So yeah, **Vote Dave**.
