

Autism and the Rubik's Cube: **Creating Order from Chaos**

The Autism Research Trust invites you to a unique discussion to explore how the Rubik's Cube connects with the fields of mathematics, science, art and design, music, and autism. The Cube has been a stimulus to generations of children globally to think about science and technology and this is an opportunity to hear from the inventor, Erno Rubik.

Chairing this discussion will be Professor Simon Baron-Cohen, Director of the Autism Research Centre at Cambridge University.

Date: 18th June 2014

Venue: Cambridge Union Society
9a Bridge Street
Cambridge
CB2 1UB

Doors open: 1.30pm

Start time: 2pm

Discussion ends: 3.30pm

Confirmed panellists include:

Erno Rubik architect and inventor of the Rubik's Cube

Musical prodigy **Derek Paravicini**

Adam Ockelford, Professor of Music and Director of the Applied Music Research Centre, University of Roehampton

Visual and sound artist **Jon Adams**
