Research. Evidence. Policy.

LEAD A TEAM | JOIN A TEAM

Lectures | organize expert panels to learn, discuss, and debate the issues of today

Workshops | work with experienced policy-makers and academics to understand how to approach policy issues and inform the policy-making process

Publications and Media | produce a podcast or write and edit policy communications

Finance and Fundraising | interface and network with major funding bodies to secure science policy outreach, education, and training for the next generation of researchers and policy-makers

Marketing and Communications | reach a broad audience and bring people together to learn, debate, and have impact
