Hello, this is Anita and James!

We are running to be the internal social secretaries for this year. James is a 1st year PhD Student in Materials Science, who did his undergrad at Churchill and Anita is an MPhil Student in Medical Sciences who moved here a month ago from Atlanta, GA. James has previous leadership experience running the University Challenge Society for the past two years where he organized selection, quizzing, and team creation for the competition. Anita has gained planning experience through her roles as president and founder of Health 4 Kids, an after school program that teaches elementary students ways to live and pursue a healthy lifestyle. Additionally she was health and fitness director where she organized events for 300+ members of her sorority. As your internal social secretaries, we would:

• Organise the guest nights at the end of each term, including creating an exciting theme, organizing decorations, music and liaising with college
• Coordinate with the JCR in organizing a series of fun MCR/JCR rivalry events
• Seasonal events such as thanksgiving potluck and Easter egg/scavenger hunt
• Help with planning a fun freshers week calendar to welcome the new students to the MCR

We’re excited to take on this challenge and hope you will vote for us!
Cheers,
Anita and James
