Jannat Ijaz – MCR President

As the ex-treasurer and current president, I have been heavily involved in the MCR throughout my time at Churchill College. As part of my treasurer role, I have sat on finance committee, been responsible for the MCR college accounts and helped college decided which societies to fund. As your president, I have ensured guest night is always a termly event, negotiated with college about setting a long-term plan for the room rents in the coming year allowing more financial predictability, organised fresher’s week and have kept things running smoothly.

I will:

- Maintain JCR and MCR relationships
- Ensure the MCR is an inclusive place for everyone
- Support students and the welfare team to ensure that student needs are met
- Continue to host events throughout the term in order to keep the MCR community alive. These include social, academic and welfare events.
- Continue to support the bar and ensure that everyone feels welcome.
- Get your views across to college so that what you think is important is kept and what you think should be changed is changed.

As your president, alongside a fantastic committee, I will keep the MCR community and spirit alive – ensuring it is a place where everyone feels welcome and included. The MCR has made such a difference in my time here, and I am committed to ensure you get to experience the benefits of having such a wonderful community. It would be an honour to be your President for another year.

Best,

Jannat Ijaz
