

## **Churchill MCR Men's Welfare Officer Manifesto**

### **Richard Bowen and Landon Clark**

Landon:

My name is Landon Clark. I am an MPhil student in Biochemistry working at the Babraham Institute, and I would like to join the MCR committee in the role of the Men's Welfare Officer. I am excited to run for this position and feel as though I could be a good fit to facilitating communication and resources within the Churchill community role could be good to hold events and discussions to help men's welfare within the Churchill community. I would be honored to serve this role for the terms of Lent and Easter of 2022.

Richard:

For those of you who don't know me, I'm Richard – I'm a third year (yikes) Physics PhD student, and have been on the committee for a number of years, primarily helping out with running the MCR bar as Treasurer and Secretary in successive years. While I am sure Landon will do an excellent job as Men's Welfare Officer over the next two terms, it is my intention to keep up the good work after Summer. I have loved being a part of the Churchill community for many years, and feel like I have plenty to offer in this role.
