

Shahnaaz (she/her) for Equality & Diversity Officer

Hi, I am an MPhil student at the Faculty of Education. I have a background in research on identity-based violence and creating equitable spaces within education. But you can also know me as the crazy dog and cat lady. If chosen for this role, I hope to further diversity and inclusion in Churchill College by:

Fostering Inclusive Spaces

Working alongside other officers and members of the College towards equitable access and participation.

Engagement and Dialogue

Creating spaces for meaningful discussions on diversity and minority voices.

Increasing student diversity

Collaborating with the College to improve admissions and funding for students from diverse backgrounds.
