POLICIES

Nothing About Us, Without Us

- I promise to be a voice for marginalised groups in the MCR, including liaison with the College council
- I will actively listen to your lived experiences, so as to best advocate for the change *you* need to see

Not Just Surviving, But Thriving

- It's not enough to encourage marginalised people to apply here; I promise to empower us to thrive
- I will collaborate closely with MCR welfare reps to ensure an inclusive program of wellbeing events

Community Beyond College

- Isolation can result from marginalised status in the ivory tower; I will promote university- and town-wide initiatives, to better connect our community
