

ANGUS RUSSELL & CELIA CHEN

ABOUT US

I'm Celia and I hail from the down under in Australia. I am second-year MRes+PhD student studying Nanoscience in the first year of my PhD. I was the acting Academic officer in Easter term last year, loved it so much that I want to run again this year!

I'm Angus and I am in the first year of the same MRes + PhD program as Celia. As a fresher I am looking forward to supporting Celia in this role and bringing some fresh(er) **sorry** ideas from my own experiences, presenting at conferences and organising events.

Why you should vote for is?

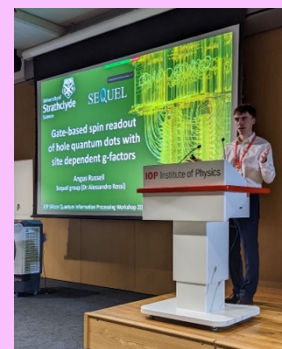

- We have experience with organising conferences and talks at Churchill College as the previous Academic Officer
- We are passionate about promoting academic excellence within the College to showcase all of the fantastic research done by our postgraduate students

As Academic Officer we will...

- Encourage academic activities and provide opportunities to showcase the fantastic research in MCR community!
- Organise the annual Conference on Everything, 2-Minute Thesis Competition and weekly CHUTalk seminars
- Foster stronger connections between the MCR and SCR academic community

Conference on Everything organised in 2022!

Angus giving a compelling seminar in London
