

Szymon for LGBTQIA+ Officer

Cześć!

I'm Szymon (he/him), and I've recently started my first degree at Cambridge, studying an MPhil in Genetics. I'm amazed at how welcomed and comfortable I feel here, after only a few weeks. It has inspired me to try join the MCR committee that made it all possible. I'd like to run for the position of LGBTQIA+ Officer.

As your officer, I'd like to:

- Ensure that every queer person in our college feels heard and has someone to turn to. My own journey with my sexuality wasn't the easiest, but I believe it has equipped me with valuable experience to help others.
- Be your advocate within the college on all matters concerning the LGBTQIA+ community. You can count on me to take your concerns seriously and represent your voice well.
- Strengthen our queer community. I aim to organize more regular LGBTQIA+ bar nights and events, allowing us to come together and build a strong community of queer Churchillians.

I hope you'll consider choosing me for this position and allow me to represent you!
